EXPERIENCE

Surgical Scheduler | Albany Medical Center

February 2026 - Present

- Schedules complex cardiology surgical procedures with high precision, strictly adhering to clinical requirements to enhance patient safety and timeliness.
- Spearheads communication between surgeons, nursing staff, and patients to confirm case details and pre-operative instructions, ensuring seamless surgical preparation.
- Audits incoming medical orders, insurance requirements, and prior authorizations to proactively prevent scheduling delays and support optimal patient flow.
- Optimizes Epic scheduling modules and maintains meticulous case records to streamline the daily workflow for the cardiology service line.

Health Unit Coordinator | Albany Medical Center

September 2019 – February 2026

- Facilitated critical communication pathways between patients, families, nurses, and physicians to support multidisciplinary care coordination.
- Streamlined unit workflows and managed clinical supply inventory to ensure operational efficiency and accurate documentation.
- Upheld strict patient confidentiality (HIPAA equivalents) and professionalism while responding promptly to urgent patient and staff needs in a high-volume environment.

Patient Support Associate | Albany Medical Center

March 2017 – September 2019

- Delivered compassionate, patient-centered care in a fast-paced healthcare setting, consistently receiving positive feedback from patients and families.
 - Coordinated dietary orders, delivered meals, and executed safe patient transport between specialized units to enhance the overall patient experience.
 - Maintained a clean, safe, and organized environment through dedicated housekeeping support, directly contributing to infection control and patient well-being.
